Incomes and Wages.

The Democratic party relies on the common sense of the people to vote for
their own interests, instead of retaining in power those who are the friends of
the trusts and corporations. The fact, that, in spite of a great measure of
prosperity for the few, the many are compelled to practice close economy and
deny themselves many comforts, does not require to be told to the farmer, the
storekeepers, the clerks and wage earners, as they are well aware of it. The
Republican system of fostering monopoly, by giving special privileges and
tariff protection, is the reason for this inequality in the distribution of the
large profits of production.

Why has the Republican party decided to continue to standpat and persist
in allowing the trusts to increase the cost of living, so that now it is 45 per
cent. higher than before the present tariff law was enacted and is steadily ad-
vancing? It cannot be to help the people, for unless incomes and salaries keep
pace with the increase outgo, there is virtually a reduction of incomes and
wages which must be followed by privation, or at all events by lack of savings
for sickness and old age. Revision of the tariff would compel the trusts to re-
duce the price of their products and the resulting decreased cost of living, would
virtually be an increase in income and wages, but this the Republican leaders
declare they will not do and the natural presumption is that their political
fortunes are bound up with trust supremacy. If your income or wages has not
been increased 45 per cent. you are not as well off now as in 1897 when the
tariff rates were increased at the dictation of the trusts. For every dollar you
received then, you must be getting one dollar and forty-five cents now to be
even. So the man whose income was \$60 a month in 1896 must be receiving \$87
a month now to live equally well. It does not require statistics to prove the
advantage, or disadvantage, of the Republican system of protecting the trusts,
for every voter has the facts in his own possession from knowing how much he
formerly received and expended and what he is now receiving and how much
more it now costs him to live. A vote for the Republican candidate for Con-
gress is to continue the protection of the trusts and for continued high prices,
and a vote for the Democratic candidate for Congress is to so revise the tariff
that the fear of competition will compel the trusts to reduce their enormous
profits.

Gen. Hays Makes Strong Speech.

Attorney General N. B. Hays spoke at the court house Tuesday afternoon
at 1:30 o'clock, to an audience of several hundred of Bourbon's representative
citizens. The speaker was introduced in a few well chosen words by County
Attorney T. E. Moore, Jr.

Gen. Hays began his speech by thanking the people of Bourbon for their
support in his race for Attorney General. He then spoke upon the importance
of honest expenditures of public money gathered from the taxpayers, whether
it be municipal, county or State funds, and all officers charged with the dis-
posal of such money should be held by the people to a strict accountability for
every dollar, and then proceeded to lay bare some of the official acts of Gov.
Beckham and Auditor Hager, for each of which he produced written proof and
invited its inspection by all present.

He first took up the public printing case and showed conclusively where
\$24,260.64 was taken from the treasury in plain violation of the law, the tax-
payers being sandbagged out of that amount. He then showed why thousands
of dollars had been paid out in attorneys' fees, all in violation of the law, to
pet attorneys of the machine. He then took up the new State Capitol ques-
tion, where under machine management the taxpayers would again have to pay
thousands upon thousands of dollars just to furnish oil for the machine, for
which he had substantial proofs. For want of space we omit many other
grafting transactions he referred to and charged to Beckham and Hager.

Gen. Hays was listened to attentively and he was frequently applauded.
His speech was strong and effective and turned a number of voters that we
know of from Beckham and Hager to McCreary and Hays.

Everyone present was impressed with the sincerity of this "plain man," as
the machine men call him. They also heard an honest and able man speak,
and he is the kind of man that the "plain" Democrats of Kentucky want as
their candidate for Governor.

Take the speech all in all, it was one of the best campaign speeches ever
made in our city, and it is regretted that it could not have been made on a
Saturday or court day when a larger crowd could have heard him, for his
speech contained many things of vital importance to the taxpayers.

Assumption of Greatness.

(From Mt. Vernon Signal.)

Mr. Hager and some of his officials claim that Gen. Hays, candidate for
the Democratic nomination for Governor is attacking the Democratic party in
his exposures of the "machine" at Frankfort, which is run, operated and con-
trolled by Beckham and Hager. Who ever heard of J. C. W. Beckham and
Sam Hager being the Democratic party in Kentucky? Is not this an assump-
tion of greatness and power heretofore unheard of? We knew that Hager was
a purse proud aristocrat and very showy on dress parade, but never before did
we know that he was the whole Democratic party in Kentucky. We knew that
Beckham and Hager have built up a great and dangerous political "machine"
but we were never aware before that they called that "machine" the Demo-
cratic party, with Mr. Beckham as pilot, Sam Hager as Captain and "Miss"
Percy Haley to shovel in coal. Could anyone imagine George Washington
calling himself the American Republic? Just think of Robt. E. Lee assuming
to be the whole Southern Army; or Grant claiming that if he were killed the
whole American Army would be destroyed. Who ever heard William Jennings
Bryan claiming that the whole Democratic party would die if he should be de-
feated. Yet here in old Kentucky if an honest and faithful Democrat has the
hardihood to disagree with the members of the "machine" he is chared at once
with attacking the Democratic party. But that is the only answer the members
of the "machine" have to the very serious charges Gen. Hays is making
against them. Gen. Hays' exposure of the offenses of the members composing
the "machine" will strengthen the Democratic party. It will teach Demo-
cratic officials that they must be honest and protect the taxpaying public. It
shows that Hays has the courage of honest convictions and that he wants to
protect the people against the plunderers of their rights, and destroyers of the
Democratic party. The Signal wants honest, faithful men in office, men who
will look after the welfare of our government and protect the interest of the
people, and we think that Napoleon B. Hays is just the kind of man. He is
honest; he is able; he is industrious, and by casting your vote for him we are
building up instead of tearing down the Democratic party.
